Location: Nairobi, Kenya

Professional Profile

I am a passionate React Frontend developer with proficient skills in HTML, CSS, JavaScript, Bootstrap and React.js as my developer tools.

I am a good team worker and networker when collaborating with my colleague developers. I also do love contributing to open-source projects during my free time.

I am looking forward to expanding my knowledge and experience in our ever-changing tech industry today and contribute to making an impact in our lives while offering my services as a Frontend web developer.

Core Skills

- HTML
- CSS
- JavaScript
- Bootstrap
- React.js

Career Summary

September, 25th 2021 – November, 15th 2021.

I have worked as an intern at Side Hustle company whereby I have learned important collaboration skills and networking skills with my

fellow developers. I also learned how to debug code and to write clean and effective code as my main services in Frontend.

2021 – Present

I have done projects and pushed them to my GitHub profile that are specifically based on the HTML, CSS and JavaScript programming languages.

I have also acquired a voluntary role as a tech community lead at The Cooperative University of Kenya and an ambassador of Lux tech academy tech community where I learnt and gained all my Frontend web development skills during their 2021 JavaScript developers' family bootcamp.

Key Responsibilities

- Frontend Web developer
- Frontend JavaScript mentor
- Cooperative University of Kenya tech community lead

Education

2019 – 2022

The Cooperative University of Kenya - Bachelor of Science in Information Technology

2015 – 2018

Nyandarua High School Kenya - Kenya Certificate of Secondary Education

Hobbies and Interests

One of my major interests is blogging. I have a personal blog whereby I write articles about life hacks, life experiences, self-awareness, meditation and mindfulness which has made me gain confidence as a blogger.

I am talented in the artistic world and I have a passion and love towards art in all its forms. I also do love reading books as one of my hobbies during my leisure time.

I also do have good interpersonal and oratorical skills which I tend to use them during my leisure time as when socializing with different new people.
